Have you experienced upper limb loss or congenital limb difference?

Are you at least 18 years old?

Are you interested in participating in a research study?

At the Northwestern University Prosthetics-Orthotics Center, we are seeking individuals with upper limb loss at or above the wrist and who are 18 years old and above to complete a survey on mobility and fall history. This survey will help us understand the impact of upper limb loss on falls, and identify ways to improve the safety of individuals with upper limb loss.

- The survey takes only **15-20 minutes** to complete
- The survey is **entirely anonymous**
- You can complete the survey on-line or through a phone interview

If you would like to complete the survey on-line, please go to the following website:

**https://www.surveymonkey.com/s/NUFalls**

If you would like to complete the survey through a phone interview, please call Matthew Major at (312) 503-5731.

Thank you for your time!
